Revenue in August reached NT\$2,564 million. It was decreased by 4.66% from last month and down by 10.46% from the same period in 2008.

#### Digital Consumer Business

Sales of Digital Consumer business composed 36.24% of total revenue in August. August revenue was NT\$929 million. However, it still decreased 20.33% from the same period last year, mainly resulting from the delayed shipment and the orders were not as expected. In addition to implementing cost down strategy and speeding up the development of our new products to enhance competitiveness. We are pushing sales for more customer engagements.

#### Home Appliance

Home Appliance accounted for 14.02% of the revenues. August revenue reached NT\$359 million, up by 14.67% from the same period of last year. However, due to the delay of our new product launch, revenue was still down by 15.64% from last month. Moreover, to support the growth in sales and profit, we strengthen the development of high value-added brand-new product and strongly explore the overseas markets.

#### Industrial Appliance

Industrial Appliance was about 26.67% of the total sales. August revenue totaled NT\$684 million, it was increased 0.12% from last month. However, due to the impact of the financial crisis, the reduction in domestic projects, sales declined by 0.24% from the same period last year, given the domestic market demand declined from last year. We now strive for the related bids positively to ensure the growth of the revenues and earnings.

#### Wire and Cable

Sales in Wire and Cable represented 23.07% of the total sales. August revenue totaled NT\$591 million, it was increased 16.45% from last month. However, sales suffered from continuous drop in the copper price since the last Q4, revenue decreased 15.30% from the same period last year. Though the copper price of this month tends up than last month, the average price of copper in this year still down by 32.90% from the same period last year. Besides continuing the shipment according to the order, we are still endeavoring to get the long-term contracts positively to ensure the stable order price and quantity.
